LIBRARY TO STUDY BUILDING EXPANSION

The Milan-Berlin Township Public Library Board of Trustees approved a contract with Dan Frederick Architects and library consultants Robert Smith and Associates to study the feasibility of a major expansion and renovation of the Milan Library.

The study will address space issues and types of library services that might be incorporated within an expanded library. Residents are encouraged to participate in the study and are invited to attend focus group meetings on:

February 28 | Monday | 10:00 AM, 3:00 PM. and 7:00 PM @ MILAN

From the needs assessment and focus group data, the architects will propose a schematic design and library building program to the Library Board, who will then determine the feasibility of moving forward with the expansion and renovation.

As a result of several large bequests from generous patrons, additional tax monies from the community *will not be required* to fund a project.

YOUTH VALENTINE CRAFTS
